Get Free Corporate Communication A Guide To Theory And Practice | a1b4077dcb758e85bbd8dccc68a1a0c

The book is a collection of articles by Academicians and Professionals on various facets of corporate communication. The author has attempted to cover the recent trends and features in the corporate world. This book can be used as a reference for the Under Graduate and Post Graduate students of Journalism and Communication and Management. This book can be used as text book for students who want to specialize in Corporate Communication and who wants to understand the subject better from the professional perspectives. A bold addition to existing literature, this book provides an excellent overview of corporate communication. Taking an interdisciplinary approach, it offers readers the in-depth analysis required to truly understand corporate communication, corporate strategy and corporate affairs as well as the relevant public relations issues. With a refreshing new approach to this topic, the authors challenge reductionist views of corporate communication, providing persuasive evidence for the idea that without an organizational communication strategy, there is no corporate strategy. Written by an impressive list of international authorities, the text is well illustrated with contemporary case studies, drawing out the most pertinent best-practice outcomes of theoretically based applications. Its four sections cover: national communication international communication image, identity and reputation management the future for corporate communication theory and practice. This is an essential one-stop reference for all academics, practitioners and students seeking to understand corporate communication and public relations. This handy guide to excellent business communications is perfect for anyone, whether preparing for a career, launching a career, or advancing in a career. Future savvy business professionals understand the importance of corporate communication and reputation management. In this book, you will get to know about the latest insights from the world of communication studies into the nature of corporate reputation, this new addition to Wiley-Blackwell's series of handbooks on communication and media reflects the growing visibility of large businesses' ethical profiles, and tracks the benefits that positive public attitudes can bring. Serves as the definitive research collection for a fast-growing field featuring contributions by key international scholars. This book brings together state-of-the-art communication studies in the field of corporate communication and addresses the lacunae in the research literature. This new theoretical framework and practical application of corporate communication, this book applies strategic approaches to tactical written and oral communication, and includes a particular emphasis on problem solving and analytical techniques appropriate to global corporate environments. This book incorporates current thinking on corporate communication from both the academic and practitioner worlds, combining a comprehensive theoretical foundation with practical guidance and insights to assist managers in their strategic and tactical communication decisions. Rich case-study examples are provided from companies in the United States, the U.K., continental Europe, South-East Asia, and Australia. Never HIGHLIGHT a Book Again! Virtually all testable terms, concepts, persons, places, and events are included. Cram101 Textbook Outlines gives all of the outlines, highlights, notes for your textbook with optional online practice tests. Only Cram101 Outlines are Textbook Specific. Cram101 is NOT the Textbook. Accompanists: 9780521673761 
This textbook provides a comprehensive introduction for students and professionals who are studying English for corporate use or who need to enhance their written English. Based on up-to-date research in business communication and incorporating an international range of real-world authentic texts, this book deals with the realities of communication in business today. Key features of this book include: English use in social media; reflects recent trends in business communication; coverage of the concept of communicative competence; analysis of email communication; introduction to informal English and English for socialisation as well as goodwill messages, such as thank you or appreciation messages, which are a part of everyday interaction in the workplace; examination of persuasive messages and ways to understand such messages; an e-resources website that includes authentic examples of different workplace genres and a reference section covering relevant research studies and weblinks for readers to better understand the topics covered in each chapter. This book goes beyond the traditional coverage of business English to provide a broad and practical textbook for those studying English in a workplace setting. Corporate branding and communication is big business. Companies throughout the world invest millions in strategies which aim to reinvent their profile in subtle yet important ways. The investment must be working, but what is it being spent on, and how do these rebranding exercises work? Including contributions from academics and practitioners, this important collection unravels the complexities of this growing field of study. The text is split into three coherent sections, focusing in turn on identity, communication and
reputation. Case studies are used throughout the book to illustrate important issues, such as the basic principles of visual communication, the importance of reaching both internal and external stakeholders, and the challenges faced by companies working in multi-cultural environments. This book brings clarity and new theoretical insights to an important aspect of modern business. It is an invaluable companion for all students, researchers and practitioners with an interest in marketing, communications and international business. Corporate Communication, 6th Edition shows readers the importance of creating a coordinated corporate communication system, and describes how organizations benefit from important strategies and tools to stay ahead of the competition. Throughout the book, cases and examples of company situations relate to the chapter material. These cases provide readers with the opportunity to participate in real decisions that managers had to make on a variety of real problems. Corporate Communication: A Marketing Viewpoint offers an overview of the framework, key concepts, strategies and techniques from a unique marketing perspective. While other textbooks are limited to a managerial or PR perspective, this book provides a complete, holistic overview of the many ways communication can add value to an organization. Step by step, this text introduces the main concepts of the field, including discipline and function frameworks, corporate identity, corporate and employer branding, corporate social responsibility, stakeholder management, storytelling, corporate associations, identification, commitment and acceptability. In order to help readers gain a complete understanding of the field, each chapter includes a comprehensive chapter summary; a list of key words and concepts; case studies and questions at the end of each chapter. Principles are illustrated through a wealth of real life examples, drawn from a variety of big, small, global and local companies such as BMW Group, Hidria, Lego, Mercator, Krka, Barilla, Domino’s Pizza, Gorenje, Si Mobil, BP, Harley-Davidson and Coca-Cola. This exciting new textbook is essential reading for all professional corporate marketing and communication executives, as well as undergraduate and postgraduate students of marketing and public relations, not to mention managers who need a complete and accurate view of this increasingly important subject. What is internal communication? What role does it play in contemporary organizations? What are the consequences of malfunctioning internal communication? There are many aspects of internal communication – work related, social, formal, informal, vertical, horizontal, between coworkers, between coworkers and managers, communication before and under organizational changes, internal crisis communications and so forth. We think of different forms of communication channels such as intranet, staff magazines, electronic billboards and internal television. This book interconnects these different parts and emphasizes the strategic value and importance of internal communication. We understand internal communication as an unused capital with a large potential for organizational success. Further, we understand internal communication as a basic prerequisite of organizations that is performed by all members of an organization – managers, coworkers and communication professionals. Traditionally, there has been too much emphasis on the work and function of communication professionals when internal communication is discussed, but most of the communication value is actually produced by managers and coworkers. However, communication professionals are the communication experts in organizations that strategically facilitate the organization. This book is based on a cooperation between Susanne Dahlman, senior communication consultant, and Mats Heide, Professor in Strategic Communication at Lund University. Hence, this book has a unique approach that covers both practical and academic aspects of internal communication. This book is a response to the demand for a broader understanding of the strategic roles of internal communication for both practitioners and students. Featuring real-world examples and case studies from leading organizations such as Sony, Coke, GE and Martha Stewart, this book tackles key topics, including: how to leverage the organization’s image; how to get your message to shareholders; and how to manage the media. Provides an international and management perspective on the field of corporate communication. Corporate communication plays an important role in higher-level management to help build and preserve a company’s reputation. This intangible yet valuable asset determines the net worth of a company and affects the success of its operations. Corporate Communication: An International and Management Perspective introduces readers to the broad environment of the modern extended organization and provides an understanding of the globalization process. It describes how economic, political, and cultural features of a country affect company decisions and communication and discusses various communication disciplines and practices that are employed in programs and campaigns. This book addresses the key management issues of sustainability and technology. It also emphasizes the importance of why corporate communication must be seen as a management function and not restricted to a communication process. Presented in five parts, Corporate Communication offers comprehensive chapters covering: The Domain of Corporate Communication; Strategic Application of Communication Practices; International Perspective; Key Management Issues of Sustainability and Technology; and Corporate Communication Contribution to Management. The foundation of Corporate Communication is public relations but also included is the entire range of communication practices and the contribution to management decision making. Conceptualizes corporate communication as a strategic management function which helps management recognize, adjust to, and construct policy related to global issues. Emphasizes the critical role that corporate communication plays in making corporate decisions and behaviors more socially responsible and sustainable. Demonstrates how corporate communication draws on public affairs, marketing and social media in its strategic planning. Emphasizes the critical importance of relationships to corporations and their effect on reputation. Provides numerous examples of cases of global problems and how corporations have responded to them. Corporate Communication is intended for upper-level undergraduate and graduate students in schools of communication and schools of business and management who want to extend their competence to the global arena and to combine the various communication practices to design strategic programs and campaigns. Course titles include corporate communication, international public relations, corporate public affairs, global marketing communication, global corporate communication, and social media. This lively and engaging new book addresses a topical and important area of study. Helping readers not only to understand, but also to apply, the most important theoretical notions on identity, identification, reputation and corporate branding, it illustrates how communicating with a company’s key audience depends upon all of the company’s internal and external communication. The authors, leading experts in this field, provide students of corporate communication with a research-based tool box to be used for effective corporate communications and create and maintain a positive reputation. Essentials of Corporate Communication features original
examples and vignettes, drawn from a variety of US, European and Asian companies with a proven record of successful corporate communication, thus offering readers best practice examples. Illustrations are drawn from such global companies as Virgin, IKEA, INVE and Lego. Presenting the most up-to-date content available it is a must-read for all those studying and working in this field. The chief communication officer at a Fortune 500 multinational corporation today faces the challenges of a rapidly changing global economy, a revolution in communications channels fueled by the Internet, and a substantially transformed understanding of what a 21st-century corporation stands for. This book provides an accessible framework for describing these forces and the specific communication challenges that they have thrown at the global corporation. The text reviews the evolution of society’s response to the development of the modern company and the corporate communication practices that grew up in response to it, as well as examining the impact of globalization, Web 2.0 and the networked enterprise on current corporate relationships with key stakeholders such as customers, employees, shareholders, communities and regulators. In examining these forces and how they are interwoven, the authors offer insights and strategies for deploying effective communication as a strategic business asset in today’s global economy. Designed for the advanced student of corporate communication, the book contains updated guidelines for the management of investor relations, community relations and other corporate relationships in the age of social media. Specific recommendations for how to organize the communication function, communication strategies and more detailed coverage of the main topics and trends in corporate communication. New to the Third Edition: - New chapters on strategic planning and campaign management, research and measurement and CSR and community relations - Greatly expanded coverage of key areas: internal communication, leadership and change Communication, issues management, crisis communication and corporate branding - Other topics to receive new coverage include: public and campaign management, research and measurement and CSR and community relations - New to the Third Edition: - New chapters on strategic planning communication, corporate social responsibility (CSR), and environment society governance (ESG) on the global stage. Goodman and Hirsch encourage us all to think carefully about what effective corporate communication should look like in the 21st century." Stacey L. Connaughton, Associate Professor, Department of Communication, Purdue University "In today's global environment, there is no function within a major corporation more important than what is commonly called corporate communication. This new book, Corporate Communication: Strategic Adaptation for Global Practice, written by Goodman and Hirsch, supports that conclusion with comprehensive and convincing evidence. Large companies cannot succeed today without successfully managing relationships with their key constituencies in the context of what is desired by those constituencies. Previously, only the CEO him or herself has been in a position to view all of those audiences with a balanced view of what is ethical and correct behavior. The fully developed corporate communication function of today has evolved to work side by side with the CEO and Boards of Directors. The function not only influences what and how a company speaks, but also how it acts. The Goodman/Hirsch book makes that case more strongly than any text written in the past. It should be must reading for not only the professional communicator but for all CEOs and Boards of Directors to see the unique and priceless value the corporate communication function can bring to the corporate table today." James W. Hirsch and James E. Murphy "Goodman and Hirsch capture not only the theory and organization of corporate communication, but its true heart and soul, even as they show you how to ground this practice in a wholly changed and changing world." Raymond C. Jordan, Corporate Vice President Public Affairs & Corporate Communications, Johnson & Johnson Reputation management is the most important theme in public relations and corporate communication today. John Doorley and Helio Fred Garcia argue that most CEOs don’t actually pay much heed to reputation and this is to their peril. This book is a how-to guide for professionals and students in public relations and corporate communication, as well as for CEOs and other leaders. It rests on the premise that reputation can be measured, monitored, and managed. Organized by corporate communication units (media relations, employee communication, government relations, and investor relations, for example), the book provides a field-tested guide to corporate reputation problems such as leaked memos, unfair treatment by the press, and negative rumors — and it is this rare book that focuses on practical solutions. Each chapter is filled out with real-world experience by the authors and their contributors who come from corporate communication backgrounds. This new edition features new and updated examples throughout, two new chapters on social media and public relations consulting, a new textbook feature in each chapter relating key communication theories to the practice of public relations and corporate communication, expanded coverage of global issues, and a new Companion Website at: www.routledge.com/textbooks/doorley, featuring lecture materials for instructors and extensive learning resources for students and professionals. Never HIGHLIGHT a Book Again! Virtually all of the testable terms, concepts, persons, places, and events from the textbook are included. Cram101 Just the FACTS101 studyguides give all of the outlines, highlights, notes, and quizzes for your textbook with optional online comprehensive practice tests. Only Cram101 is Textbook Specific. Accompanying: 9780857022424 .Toothpaste . . . disposable razors . . . security systems . . . farm equipment. Those products have one thing in common: Their marketing messages emphasize technical features to drive sales. This book not only explains how technical product marketing is unique, but also how to write and design promotional materials using: The benefit of the benefit to tell a marketing story; 3 OASO every headline must achieve; 5 call-to-action options; Focal and emotional integration; Grids to design effective layouts; Icons, indexes, and symbols for images; And much more! After reading this book, you'll be prepared for every aspect of technical marketing—whether you want to oversee marketing creatives or earn extra money as a freelancer. The Third Edition of this market-leading text has been updated and expanded with contemporary case material and more detailed coverage of the main topics and trends in corporate communication. New to the Third Edition: - New chapters on strategic planning and campaign management, research and measurement and CSR and community relations - Greatly expanded coverage of key areas: internal communication, leadership and change Communication, issues management, crisis communication and corporate branding - Other topics to receive new coverage include: public affairs, social media, internal branding and issues of globalization. - New and up-to-date international case studies, including new full-length case
studies and vignettes included throughout. Further reading and
questions-for-reflection will provide the reader with a means to challenge
and further their understanding of each of the topics in the book. - Online
teaching material for lecturers and students including: instructors manual,
PowerPoint slides and new international case studies of varied length, SAGE Online journal readings, videos, online glossary and web links Praise for the
Second Edition: "This is a must-have reference book for Chief Executives, Finance Directors, Corporate Executives, Non-executive Directors in this
'involve me' era of stakeholder engagement and corporate communications. How I wish I had had this book on my desk as a Chief Reputation Officer!" - Mary Jo
Jacobi, Former Chief Reputation Officer of HSBC Holdings, Lehman Brothers and Royal Dutch Shell 'This is a comprehensive and scholarly analysis of corporate
communications. It will offer students and practitioners alike a considerable aid to study and understanding which will stand the test of time in a fast
changing business' - Ian Wright, Corporate Relations Director, DiageoThis book provides students and professionals with practical answers to important
career and communication questions, helping them to communicate successfully in a business setting. Communication expert, Deirdre Breakenridge, examines
the ways in which professionals can make the most of their careers in a fast-changing media landscape, offering advice on how new and seasoned executives can
utilize and adapt to the latest modes of communication. The author breaks down the eight most critical areas for professionals seeking to develop their
corporate communication skills, opening new perspectives on the ways in which professionals can change in technology and consumer behavior to improve
relationships, social media presence, and brand recognition. The easy to follow question-answer format walks readers through the most pressing, confusing,
and frequently asked questions about successful communication with plenty of advice and examples for a better learning experience. Covering traditional business communication topics like partnerships and storytelling, the book also includes material on digital and
social media channels as well as a chapter on giving back as a mentor. "Experts Weigh In" boxes feature advice from other top professionals, exposing the
reader to multiple perspectives from the field. Grounded in decades of experience, Answers for Modern Communicators will benefit all students getting ready to
enter the workforce as well as professionals looking to enhance their communication skills.Streamline your organization's communication with the powerful
and easy-to-follow methodology presented in this book, featuring insight from experts including Simon Sinek and Brenè Brown. Better communication will mean
better business practice company-wide as well as increased employee engagement, happier clients and customers, and stronger profits. As the title suggests,
Influential Internal Communication proves just how influential internal communications (IC) is, and the measurable impact it has on an organization's
growth. For many organizations, IC often slips down the list of priorities when there is high pressure, high stakes business situations to cope with. This
causes a sense of chaos and confusion within the organization that will - eventually - permeate to external customers and clients. Influential Internal
Communication presents a clear, adaptable methodology that will help readers understand, diagnose and fix their own communication challenges, thereby
transforming the chaos into calm. Backed up with data and statistics from industry reports on workplace culture, Influential Internal Communication is based on
The Field Model and draws on research with CEO's, some of the best insights into people, organisations and chaos. The theory is backed up with real world
case studies, showing how chaos can impact a range of organizations of varying size and industry. Written by the 2020 President of the Chartered Institute
of Public Relations (CIPR), Influential Internal Communication will streamline any organization's IC practices, and help to drive engagement, efficiency and
profit across the board.How do you drive integrated corporate communications and marketing deeper into the business, that it supports multiple business
functions? Is corporate communications a strategic function? How do you market the relationship between your corporate communications, sustainability, cause
marketing and Foundation work to earn greater brand trust, loyalty and sales? Does your marketing department spare a leader to review a strategic marketing plan or
does your corporate communications department help write a blog post? What traits should a successful corporate communications and marketing leader have?
Defining, designing, creating, and implementing a process to solve a challenge or meet an objective is the most valuable role In EVERY group, company,
organization and department. Unless you are talking a one-time, single-use project, there should be a process. Whether that process is managed and
implemented by humans, AI, or a combination of the two, it needs to be designed by someone with a complex enough perspective to ask the right questions.
Someone capable of asking the right questions and step back and ask: "What is the best way to accomplish this?" -What is the best way to look at it?" Get Free Corporate Communication A Guide To Theory And Practice

d a dynamic interplay of complementary and often competing orientations: unity and variety, consistency, and creativity. This title offers a coherent, integrative approach by examining the topic and tasks from the framework of the Competing Values Perspective. This perspective allows for the exploration of corporate communication as a unified, highly interdependent function. Praise for The IABC Handbook of Organizational Communication “Looking to expand your professional abilities? Learn new skills? Or hone your area of expertise? This book delivers an amazing and practical study of our profession—and a guidebook for strategic communication best practices. The Handbook explores the many aspects of our profession with expert insights of the best of the best in communication.”—John Deveney, ABC, APR, president, Deveney Communication “Chalk up a win for Team IABC. Editor Tamara Gillis has assembled a winning lineup of the best communicators to compile this useful, readable Handbook. Not another how-to-do-it tactical manual, this volume draws from theory and global best practices to explain the strategic reasons behind modern communication. A must-read for anyone interested in understanding the communication profession and a useful desktop companion to the professional communicator’s dictionary and style guide.”—William Briggs, IABC Fellow and director, School of Journalism and Mass Communications, San Jose State University "It is a real pleasure to read this latest version. It presents a sound, research-based foundation on communication–its importance to organizations, why the function must be strategic, and what it takes to get it right.”—John G. Clemens, ABC, APR, founder, corporate communication and public affairs practice brainwash and journalists are out the window. This stellar compendium from dozens of authors, researchers, and editors of high professional stature is timely and forward-thinking. Communication students particularly will benefit from understanding the complex disciplines that intertwine and drive effective organizational communication.”—Barbara W. Puffer, ABC, president, Puffer Public Relations Strategies, and associate professor and course chair, Communications Studies and Professional Writing, University of Maryland University College The new edition of Marketing Communications delivers a rich blend of theory with examples of contemporary marketing practice. Providing a critical insight into how brands engage audiences, Fill and Turnbull continues to be the definitive marketing communications text for undergraduate and postgraduate students in marketing and related fields. The eighth edition, which contains two new chapters, reflects the changing and disruptive world of marketing communications. Throughout the text the impact of digital media and its ability to influence audience, client, and agency experiences, is considered. Each chapter has been extensively revised, with new examples, the latest theoretical insights, and suggested reading materials. Each of the 22 chapters also has a new case study, drawn from brands and agencies from around the world. Marketing Communications is recognised as the authoritative text for professional courses such as The Chartered Institute of Marketing, and is supported by the Institute of Practitioners in Advertising. Praise for the first and second editions: "The Copyeditor’s Handbook brims with valuable information, good advice, and helpful suggestions for novice copyeditors and experienced practitioners. It is comforting to know that current and future copyeditors will be able to turn to this handbook. I am placing this work, which fills a huge gap in the literature, right beside my dictionary, and will highly recommend it to all my colleagues and students.”—Alice Levine, Lecturer, The Denver Publishing Institute, and freelance editor "A definite 'must have' for the beginning to intermediate editor or author, and even the experienced editor. An indespensable reference tool.”—Kim Hawley, President, The Chicago Book Clinic "This is the book that every teacher of copyediting has been waiting for. Director, Publishing Program, Arizona State University "This book warms the cockles of the copyediting heart. It is thorough, useful, helpful, and smart. And it fills a huge vacuum.”—Constance Hale, author of Sin and Syntax and Wired Style "An excellent resource. The Copyeditor's Handbook should sit on every business editor's shelf, next to the in-house style guide.”—Erika Henik, Research Publications Manager, Banc of America Securities LLC "The first three chapters alone are worth the cover price. It’s a book that acknowledges an assortment of vexing copyediting questions and offers multiple answers to most of them.”—Gary Hernandez, Technical Communication "An excellent textbook to teach the essentials of copyediting. An excellent reference work for workplace writing.”—Mark Armstrong, Business Communication Quarterly "Straightforward, sound advice for beginning or intermediate copyeditors working with pencil or online.”—Priscilla S. Taylor, The Editorial Eye "Lays out the copyeditor's obligations with humor, style, and perspective.”—Walter Pagel, Science Editor The Third Edition of this market-leading text has been updated and expanded with contemporary case material and more detailed coverage of the changing and disruptive world of marketing communications. New to the Third Edition: – New chapters on strategic planning and campaign management, research and measurement and CSR and community relations – Greater expanded coverage of key areas: internal communication, leadership and change Communication, issues management, crisis communication and corporate branding – Other topics to receive new coverage include: public affairs, social media, internal branding and issues of globalization. – New and up-to-date international case studies, including new full-length case studies and vignettes included throughout the chapters. – Further reading and new questions—for-reflection will provide the reader with a means to challenge and further their understanding of each of the topics in the book. – Online teaching material for lecturers and students including: instructors manual, PowerPoint slides and new international case studies of varied length, SAGE Online journal readings, videos, online glossary and web links Praise for the Second Edition: "This is a must-have reference book for Chief Executives, Finance Directors, Corporate Communicators and Non-executive Directors in this ‘involve me’ era of stakeholder engagement and corporate communications. How I wish I had had this book on my desk as a Chief Reputation Officer!"—Mary Jo Jacobi, Former Chief Reputation Officer of HSBC Holdings, Lehman Brothers and Royal Dutch Shell 'This is a comprehensive and scholarly analysis of corporate communications. It will offer students and practitioners alike a considerable aid to study and understanding which will stand the test of time in a fast changing business’—Ian Wright, Corporate Relations Director, DiageoWritten specifically for students interested in knowing more about the organizational and management context of communications, and to get more hands-on learning, practical experience and skills to help them get off to a flying start in their career, this book is a guide to corporate communication that will help students and practitioners navigate the area, understand the main theories and put these into practice through examples and case studies. Academically grounded, it covers the key concepts, principles and models within corporate communication by bringing together academic
knowledge and insights from the subject areas of management and communication. At the same time, it combines this academic base with a clear practical outlook – practical cases illustrate the theory and each chapter also focuses on models and exercises that equip students with practical expertise and skills. The international scope of the book, featuring cases from around the globe has been instrumental in its success and has now been used by nearly 20,000 students across over 30 different countries from New York to Helsinki, Tokyo to Rio de Janeiro for students studying Corporate Communication, Organizational Communication, PR and Marketing Communications and as an invaluable source for reflective practitioners. The new fourth edition has been revised and updated with new cases and covers developments in areas such as reputation management, leadership communication and CSR communication. It features: A new chapter on social media and increased coverage of new media in existing chapters New up-to-date material on emerging CSR standards, transnational governance and corporate citizenship Extended focus on media relations, internal communications and leadership and change communication New full-length and shorter international case studies Enhanced companion website material including new case studies and video material available on publication at www.sagepub.co.uk/cornelissen4eStrategic Corporate Communication is an updated adaptation of Argenti’s best work for the Indian market. Replete with new cases and examples from Indian industry, it covers all aspects of communication and its development in India. It also contrasts the private corporate communication landscape in India with the US. It also shows how the communication function has been redefined to fit the needs of the organization and how it can (and should) become more strategic than tactical when approached in a business setting. Get internal communications right in your organization and the benefits are clear: motivated staff, better financial performance, a strong external reputation and delighted customers are just a few of the reasons why getting your message over to staff effectively matters. Internal Communications explores what good practice in internal communications looks like, providing a no-nonsense, step-by-step approach to devising an internal communications strategy. Written by experts with extensive experience as consultants and in-house leaders in the private, public and not-for-profit sectors, Internal Communications covers how to build an internal communications team and plan; devise messages and decide which channels to use; work with line managers and senior leaders; research and evaluate internal communications and support change within an organization. Supported by easy to follow models, example explanations of the core theory, and case studies, it provides students and internal communicators alike with the practical tools and advice they need to make a difference in an organization. About the PR in Practice series: Published in collaboration with the Chartered Institute of Public Relations (CIPR), the PR in Practice series comprises accessible, practical introductions to day-to-day issues of public relations practice and management. The series' action-oriented approach keeps knowledge and skills up to date. Contemporary public relations practice has developed over the last several decades from the weak third sister in marketing, advertising, and public relations mix to a full player. To help you keep up to speed with the exciting changes and developments of publications, this book has been updated to provide you with the necessary understanding of the problems and promises of public relations research, measurement, and evaluation. As a public relations professional, this book will guide you through the effective use of methods, measures, and evaluation in providing grounded evidence of the success (or failure) of the public relations campaign. This third edition takes a best practices approach—one that focuses on choosing the appropriate methods rigorously applying that method to collect the data that best answers the objectives of the research. It also presents an approach to public relations that emphasizes the profession's impact on the client's return on investment in the public relations function, the measurement of social media and the use of standardized measures. This book serves as an easy-to-read, up-to-date practical guide on professional corporate communication. The key market for this book is the Asia-Pacific region, mainly because there is a gap in know-how in corporate communication among many industry sectors. In addition, at present, one cannot find a lot of educational literature about corporate communication in the market. Therefore, this guidebook closes that gap. In Asia, companies are starting to realize the importance of corporate communication in all areas (external and internal corporate communication, crisis communication (Example: TEPCO) and political communication / government relations / lobbying). This is triggered not only by the recent high profile and success of targeted (political) communication campaigns but also by the notorious export-orientation of many Asian companies and their increasingly multi-national orientation (fostered by M&A and foreign investments). In addition, the increasing importance of online communication and digital/social media is an important reason why existing guidebooks on corporate communication have to be reassessed and modernized. This book focuses on all major aspects of modern corporate communication, including online / digital communication, and covers new developments, such as "fake news", "post-truths", "political correctness", "the art of bridging" and other new phenomena in the world of (corporate) communication. Simple cartoon-style drawings supplement the text in order to facilitate reading and learning. Corporate communication professional, as well as students and professors in business/management programs, will be given tools to effectively and successfully plan and implement corporate communication strategies and tactics in all major areas. Communication is key to success in every aspect of life and career so in a competitive business environment. This book examines managerial communication from seminal theoretical and demonstrative vantage points through interdisciplinary amalgamation of sciences and the liberal arts. It presents new paradigms of managerial communication in the form of manoeuvres that can act as game changers in tug-of-war business situations, including difficult negotiations, conflicts and interpersonal dissonance that characterise the day-to-day corporate workplace tenor. This volume: Develops persuasion strategies based on argumentation tactics derived, for example, from legal cross-examination. Introduces 'problematisation' and 'deconstruction' as effective communication tools into mainstream managerial discourse. Employs Harvard Business School cases to demonstrate problem-solving skills, which will further serve as guide to writing business reports, plans and proposals. Positions business writing methods as taxonomical tenets that can help tackle complex business scenarios. Draws business diagnostic procedures from diverse fields such as Sherlock Holmes from popular culture, and Jared M. Diamond from ecology. This book will be a significant resource for business communication practitioners, especially corporate managers and leaders, sales and marketing professionals, and policymakers. It will be of interest to teachers and
students alike, in business communication, organization behaviour, human resource management and marketing communications. It will act as a useful aid for classroom efficacy for teachers and academics. With recent changes in technology, media, and the communication landscape, the journey to ethics has become more complicated than ever before. This book aims to answer ethical questions, from applying ethics and sound judgment through your organization and communication channels to taking your ethics and values into every media interview. With the understanding of how personal and professional ethics align, business leaders, managers, and students will maneuver their way around this new landscape showcasing their values in ethical conduct. This book is divided into eight important areas based on where and why a breakdown in ethical behavior is likely to occur, and delivers advice from experts on the frontlines of business communications who know what it means to face the inherent changes and challenges in this field. With more than 80 questions and answers focused on guiding marketing, PR and business professionals, readers will uncover situations where ethics are challenged, and their values will be tested. This straightforward Q&A guidebook is for professionals who realize ethics are a crucial part of decision-making in their communications and who want to maintain trust with the public and their positive brand reputations in business. Readers will receive answers to pressing ethical questions to help them apply best practice guidelines and good judgment in their own situations, based on the stories, theories, and practical instruction from the author’s 30 years of experience as well as the thought leaders featured in this book.

Praise for The IABC Handbook of Organizational Communication “Looking to expand your professional abilities? Learn new skills? Or hone your area of expertise? This book delivers an amazing and practical study of our profession—and a guidebook for strategic communication best practices. The Handbook explores the many aspects of our profession with expert insights of the best of the best in communication.”—John Deveney, ABC, APR, president, Deveney Communication “Chalk up a win for Team IABC. Editor Tamara Gillis has assembled a winning lineup of the best communicators to compile this useful, readable Handbook. Not another how-to-do-it tactical manual, this volume draws from theory and global best practices to explain the strategic reasons behind modern communication. A must-read for anyone interested in understanding the communication profession and a useful desktop companion to the professional communicator’s dictionary and style guide.”—William Briggs, IABC Fellow and director, School of Journalism and Mass Communications, San Jose State University “It is a real pleasure to read this latest version. It presents a sound, research-based foundation on communication—its importance to organizations, why the function must be strategic, and what it takes to get it right.”—John G. Clemons, ABC, APR, corporate director of community relations, Raytheon “All myths about organizational communicators being brainwashed, biased corporate journalists are out the window. This stellar compendium from dozens of authors, researchers, and editors of high professional stature is timely and forward-thinking. Communication students particularly will benefit from understanding the complex disciplines that intertwine and drive effective organizational communication.”—Barbara W. Puffer, ABC, president, Puffer Public Relations Strategies, and associate professor and course chair, Communications Studies and Professional Writing, University of Maryland University College “In today’s online world, our professional image depends on our ability to communicate. Whether we’re communicating by email, text, social media, written reports or presentations, how we use our words often determines how others view us. This book offers tips and techniques that can improve anyone’s professional image. The author covers how to analyze multiple audiences and strategies for communicating your message effectively for each; structuring your message for greatest readability and effect; persuasion and tone; and how to face your own fears of writing. The content is delivered in a simple, clear style that reflects the Zen approach of the title, perfect for both the entry-level employee and the seasoned executive. “This book clearly explains why Investor Relations is now a highly regarded career choice and demonstrates its value to companies and the investment community.”—Helen Parris, Director of Investor Relations, G4S plc “This book is an essential read for Investor Relations professionals, business managers, and anyone interested in corporate relations.”—William Sun, Deputy Director of the Centre for Governance, Leadership and Global Responsibility, Leeds Business School “The expectations on UK listed companies continue to grow with the expansion of the regulatory framework and an increase in public scrutiny. The investment community continues to demand access to management, regular and meaningful communication, and an understanding of a firm’s position relative to its competitors. It falls increasingly to the Investor Relations (IR) function to help companies and their management meet the rigorous demands of the equity markets and an evolving set of tools, technologies, legal and governance frameworks. Digital channels present great but underutilised potential to contribute to ever more effective IR. Online platforms offer fast, comprehensive, economical, exible and regulatio– compliant methods of disclosing corporate information to investors, analysts and other relevant parties in the investment evaluation and decision making process.
