Looking at Movies

This collection of interdisciplinary essays examines food as it mediates social relationships and makes clear that what we eat is as important as what we say. In doing so the essays highlight how food and foodways become a symbolic capital in place of economic and political capital. This book will interest students in a wide range of disciplines, including food studies, cultural studies, nutrition, food history, and film studies.

Film and Literature

This collection of essays explores the relationship between film and literature, drawing on a wide range of examples from Hollywood and world cinema. The essays examine the ways in which literature has influenced film and vice versa, as well as the ways in which film has contributed to the development of literary theory.

Elements of Literature

This companion to the popular Elements of Literature includes a glossary, study questions, film examples, etc., and features many film summaries that get at the heart of the moral matter in the film.

In (In)digestion in Literature and Film

This book examines the ways in which food is represented in literature and film, focusing on the ways in which food is used to convey cultural meanings and to explore personal and social issues.

Cuisine and Symbolic Capital

This anthology meets the needs of students, with a glossary, study questions, film examples, etc., and features many film summaries that get at the heart of the moral matter in the film.
